

Chicago Wilderness Network Mindset Workshop

Friday, June 25, 2021

During this peer-learning workshop*, Chicago Wilderness leaders will:

- Learn core network theory and concrete tools to support your work in Chicago Wilderness, including:
 - Network elements
 - Network evolution
 - The 'Give and Get' Ratio
 - Principles for (virtual) network development
- Apply network theory and tools to other networks or alliances that you or your organization participates in
- Apply network theory and tools to your work within Chicago Wilderness goal group efforts, and other activities

**Due to the highly interactive and integrated learning planned for the workshop, we encourage leaders to join us for the full 2-hour workshop.*
