

# One process, One way

Receive automated electronic payments and reconciliation data directly from brokerages, the same way everyday.

## Feature

- **Payments** always have data associated in a **standard format**
- **Notification** of pending payments
- **Dashboard view** of payment history

## Benefit

- **Reduce** time required for reconciliation and reduce unnecessary communication with brokerages
- **Reconcile** earlier
- Enabling better **cash flow forecasting** and automated payment recording for audit

**Save Time**

**Save Money**

**Strengthen Broker Relations**
