

Bill moved from Burlington, Ontario to New Brunswick as a teenager, and has been in Southern New Brunswick ever since. After graduating at the top of his NB Community College class in Mechanical Engineering Technology in 1989, he started his plumbing and HVAC career. After working for a small Rep Firm, Bill moved to ITT Fluid Products Canada in 1995, where he took the intensive Three-Month training course at the famous Little Red Schoolhouse at Bell & Gossett. Bill has worked as a Sales Rep, Trainer, Regional Manager, and Market Development Manager for Residential HVAC Products for Bell & Gossett and McDonnell & Miller. Currently, Bill is the Atlantic Regional Sales Manager for Uponor.

In 1989, Bill married Jo-Anne, and they have two boys, Nick and Brad.

Bill continues to be active with CIPH Maritime Region, after serving in many roles progressing to President in 2005-2007. He also served ASHRAE NB-PEI in several roles including President in 1998. In 2012, Bill finished a two-year term as Chairman of the Canadian Hydronics Council, and was one of the founding technical members of the CSA B214 Code.

Bill enjoys spending time with his family, staying active, playing guitar, four-wheeling, kayaking and fishing.
