May 17, 2018

Orangeville, Ont. Plumbing branch grand re-opening to include HVAC/R

BURLINGTON, ONT. –Kevin Fullan, General Manager, Wolseley Canada, Plumbing and HVAC/R, Ontario and Atlantic, is pleased to announce the grand re-opening of the Orangeville Wolseley Canada branch. The Orangeville branch, located at 80 Centennial Rd., Units 5 and 6, Orangeville, Ontario, has been renovated to include HVAC/R inventory. The newly renovated 8000 square foot facility offers customers an opportunity to source all the products they need at one location.

“We know that it is more convenient for contractors to have all their product needs in one place,” said Fullan. “We were fortunate that we had the opportunity to expand the current location so customers will have the convenience of accessing a familiar store that gives the experience of a brand-new location.”

Senior Branch Manager, Marty Maisonneuve and Branch Manager, Craig Parsons coordinated a grand re-opening that took place on May 15 at the 80 Centennial Rd location. More than 50 customers attended the grand opening to share in a BBQ and enter in a draw to win a television.

The Orangeville branch expansion is part of our ongoing focus to revitalize our facilities through renovations and open new locations in order to enhance the customer branch experience and deliver exceptional customer value. Since the initiative began in 2016, Wolseley has opened new locations in Kitchener, Oshawa and Concord, Ont., Antigonish, N.S., Lachine and Laval, Que., and expanded our Windsor, Ont. location.
