## MODA Secondary Drain Box

The MODA Secondary Drain Box is the ultimate solution for laundry room set-ups using a condensing or ventless dryer. Not only does it include supply connections and a discharge port for the washing machine, but it also has an integrated connection and funnel for a recessed condensate drain (with air gap). With the secured top on the funnel, it is also rated for high-flow (10 GPM) secondary applications such as drainage of a nearby water softener. Available in F1807 and F1960, with or without built-in Hammer Arrestors.
