

Taco Comfort Solutions introduces...

Taco 0018e Stainless Steel circulator

The 0018e[®] ECM High-Efficiency Circulator featuring Bluetooth is a versatile, variable speed, high-efficiency wet rotor circulator with an ECM permanent magnet motor. Download the Taco 0018e[®] Mobile App and run system operation, validation reports including performance diagnostics & history. Know the most efficient setting based on real-time feedback and alleviate the problems of over-pumping. Design systems with precision.

Product Category: Plumbing and Piping

Date Product was introduced to the Canadian Market: May 2021

Is this product CSA (or equivalent) approved? Yes

What is innovation or amazing about this product? Application of a 0018e in domestic hot water recirculation job allows precision tuning of flow to meet and not exceed industry recommended rates. This precision and report writing allows the contractor to confirm they have provided the best system possible.

This product is: Energy Efficient
