

GENERAL MEETING LUNCHEON

UPDATES TO THE NATIONAL PLUMBING CODE

Thursday, February 28, 2019

Viscount Gort, 1670 Portage Ave.

Join us on February 28th for a presentation on National Building Code Updates.

This presentation highlights changes to the National Plumbing Code particularly new requirements in water efficiency, inclusion of stainless steel, legionella bacteria prevention, and rainwater harvesting.

Norman A. Garcia is the Building & Fire Safety Engineer at the Office of the Fire Commissioner. He provides code and standards interpretations to municipalities, planning districts and the general public in relation to the enforcement of Manitoba Building, Energy, Plumbing and Fire Codes. He partakes in various committees dealing with the development of the construction codes, assists engineers and architects in code compliance and interpretation, and evaluates proposed alternative solutions.
