Southern Section Acquisitions Discussion Group Meets

On September 12 at the Fullerton Public Library, Cheryl Haber of R. R. Bowker presented the Bowker Acquisition System (BAS) to the Acquisitions Discussion Group. BAS is an online acquisition system which uses Books In Print as its title database. The system functions on most computer terminals and can handle orders to any vendor, including orders for supplies and equipment. A question and answer period followed the presentation which was attended by over twenty librarians.

NORTHERN CALIFORNIA FALL WORKSHOP: REPORT

The Basic In-House Book Mending Techniques Workshop held October 4th in Oakland was very well received by the 50 participants. The instructors were Diane Blakely, Head of Mending, Palo Alto Public; Wendy Jones, Supervisor of the Mending Section, University of California, Davis; and, Teré Silva, Preservation Officer and Supervisor of the Book and Document Preservation Unit, California State Library. They demonstrated book mending techniques as practiced in a public library, a medium sized university library and a public research library, respectively.

The workshop was divided into three training centers, with one instructor demonstrating before approximately 18 people. At designated times, the instructors would rotate to another training center, thereby allowing the participants to learn from all three instructors.

The instructors demonstrated the repair of torn paper, such as in tip-ins, crumpled, creased or torn pages. They also explained some basic text repairs, such as repair or replacement of the book spine. The use of different types of mending materials (tapes, special papers, etc.) was discussed and demonstrated. The advantages of encapsulation as viewed by the State Library was discussed by Teré Silva. These highlight only a few of the items discussed at this meeting.

Each participant was given written documentation which described many of the techniques explained that day.

Update...... Another workshop will be held on Thursday, November 29, 1984 same time and place as before- 9-4 at West Auditorium, Oakland Public Library, 125-14th St. Fee: $15.00. Deadline: November 19, 1984. Primarily for the waiting list from previous workshop. Contact: Sandra Vella, Catalog Dept, Shields Library, U.C. Davis, Davis, CA 95616. Phone: 916/752-0597
