PRESIDENT'S MESSAGE
In this final issue of TECH NOTES for 1988, I want to acknowledge all Chapter members and thank you for joining the Chapter and providing support. The membership decreased in 1987 and the Executive Board has worked hard this year to regain the support base of previous years. The membership now totals about 333 individuals. Please continue your support by renewing your membership in 1989. The 1988 Membership List was mailed to you recently and serves as an excellent resource to your colleagues in California.

The Chapter has continued its long tradition of providing services and programs, and I particularly want to acknowledge and thank the members of the Executive Board, Program Committees, and the Discussion Group Leaders who have contributed to a successful year.

EXECUTIVE BOARD
Sue Lim
Bob McDermend
Judy Moomaw
Carol Norman

PROGRAM COMMITTEES
Karleen Darr
George Gibbs
Mary Johnson
Joanne Kim
Ruthanne Lowe
Maryll Telegdy

DISCUSSION GROUP LEADERS
Ruth Boyer
Patricia Delmar
James Dwyer
Kenneth Firestein
Ann Hess
Linda Main
Meta Nissley
Dianna Reimer
Kathleen Schweitzerberger
Lisa Stevens

I know that many others of you who have not been mentioned by name have contributed time and effort to the Chapter, and I convey special thanks for your assistance.

The past two issues of TECH NOTES have briefly described the Automation in California Libraries Database Project co-sponsored by the TSC Chapter and the California State Library. One of the first products of this database is to be a directory which is the direct successor of the TSC Automation Contact Directory. The directory is now in preparation and will be mailed to all survey participants and Chapter members in October. Six Chapter members volunteered many hours to the project by keying data from the over 330 surveys which were returned. Three cheers to:

Valerie Bross

Continued on page 2
Lois Kershner
Jean Gorden
Mary Nakagawa
Dianne Howlett
Kathryn Weintraub

And many thanks, or course, to Barbara Blei, Automation Consultant from the State Library and Andrew Herkovic, Project Specialist, who have provided leadership and technical expertise.

The Nominating Committee members, David Anderson, Carol Bowles, Wendy Romano, and Kathryn Weintraub, Chair, have developed an impressive slate of candidates. A brief curriculum vitae for each candidate is included in this issue. Upon receipt of the ballot, please take the opportunity to vote for the 1989 officers.

Regarding election issues, the proposed changes in the Chapter by-laws were approved by the membership. Therefore, the current elections will be under the direction of Carol Norman, Secretary.

This issue provides information on the TSC Chapter programs scheduled for the CLA Annual Conference on Monday, November 14, 1988 and Tuesday, November 15, 1988. I look forward to seeing you in Fresno.

Celia Bakke, President
Technical Services Chapter

CLA/TSC CANDIDATES
In October the Chapter will be mailing a ballot to fill three officer vacancies: Vice President/President Elect, Treasurer/Membership Coordinator and Secretary. The membership will be choosing between two candidates for each office. Following is the biographical information each candidate has supplied to assist you in deciding your vote. Ballots will be sent in a separate mailing.

VICE PRESIDENT/PRESIDENT ELECT

BRENDA CROTT, Head Technical Services Division, Butte County Library, Oroville, CA

Professional Experience:

•Technical Services Librarian, Butte County Library. Duties include acquisitions, cataloging, collection development, and reference.

•Librarian for Listen-in, North State Cooperative Library System, Butte College Library

•Reference Librarian, Butte College Library

Your concerns are translated into working issues for CSL, but if you are a member, CSL is for all working librarians. They have been somewhat confusing to many of us. Members of CSL are entitled to join without cost as an individual group of CSL and as such is an optional group of CSL. CSL (California Society of Librarians) is one of the three.

within the California Library Association, CSL chapters to clarify the role and purpose of CSL and issues the following statement to

The Board of Directors of the California Society of Librarians office of

TECH NOTES VOL. 10, NO. 3
In the past two years, CSL has worked on several issues of concern to the field:

- recruiting minorities and people with an interest in children's service into librarianship
- pay equity
- promoting CSL-developed guidelines for the performance evaluation process for librarians, i.e., using professional assignments and skills rather than generic organizational characteristics as the basis of the performance evaluation process.
- soliciting and sharing library research.

CSL continues to support these projects. In addition, CSL committees are working on issues in continuing education and on increasing positive interaction between the field and the library schools.

Your membership and participation in CSL will strengthen the organization as an advocate for your concerns. When joining or renewing your membership in CLA, we urge you to choose CSL as your constituent organization. We'll work with and for you.*

**CLA MISSION AND GOALS FORUMS**

The California Library Association is actively engaged in a long range planning effort to create goals that better serve members and libraries in the State. At a pre-conference this November, the Association will adopt a mission statement, establish three-year goals, and develop objectives for the goals.

As a part of the year's planning process, regional forums are being held throughout the state to provide additional opportunities for the library community to participate in the process. Please take advantage of these forums to voice your hopes and concerns and assist in determining the future of the California Library Association. A schedule of the forums follows. Use the tear-off registration blank on the top of the back page of this newsletter to register your attendance.
