

TOP 10 CLINICAL RESEARCH ACHIEVEMENT AWARDS CALL FOR NOMINATIONS

The Top 10 Awards honor outstanding accomplishments in clinical research. The winning projects identify major advances resulting from the nation's investment in research to benefit the health and welfare of its citizens. Nominations for outstanding research projects should:

- Represent innovation, creativity and scientific advancement
- Contribute to the understanding of human disease and/or human physiology
- Demonstrate impact on the prevention, diagnosis and/or treatment or increased

Nominations should be shared at
www.clinicalresearchforum.org/top10
by January 12th, 2017

Winning projects are recognized at the Translational Science meeting 2017 in Washington, D.C., April 18-21, 2017. Representatives from selected study teams will present their work at the meeting. The top three accomplishments will be awarded cash prizes, and the top accomplishment will be honored with the Herbert Pardes Clinical Research Excellence Award.

Top 10 recipients will also be invited to a press event in Washington, D.C. Study summaries will be distributed to the U.S. Congress as part of an effort to encourage continued investment in clinical research.

2025 M Street NW, Suite 800 Washington DC 20036
