

**TOP 10
CLINICAL RESEARCH
ACHIEVEMENT AWARDS**
PRESENTED BY THE CLINICAL RESEARCH FOUNDATION, INC.

The Top 10 Awards honor outstanding accomplishments in clinical research. The winning projects identify major advances resulting from the nation’s investment in research to benefit the health and welfare of its citizens. Nominations for outstanding research projects should:

- Represent innovation, creativity and scientific advancement
- Contribute to the understanding of human disease and/or human physiology
- Demonstrate impact on the prevention, diagnosis and/or treatment or increased understanding of the disease state

Winning projects are recognized at the annual awards banquet, which will take place at the National Press Club in Washington, D.C. on April 14, 2020. Winners will also present at Translational Science 2020 in Washington, D.C., April 15-17, 2020. All winners receive travel stipends and free registration to Translational Science, and four studies will be selected for additional honors, including cash prizes. The “best in class” study will receive the Herbert Pardes Clinical Research Excellence Award and a cash prize of \$7,500.

While in Washington, D.C., winners will meet with their elected representatives and administration officials as part of an effort to encourage continued investment in clinical research.
