EFFECTIVE FEEDBACK FOR EFFECTIVE EDUCATORS

Do you know what it means to provide effective feedback to your staff? Are your staff excelling at instruction and improving student outcomes at the rate you'd like them to be?

If not, you're not alone. CASE's newly designed course, *Effective Feedback for Effective Educators**, provides leaders with the tools they need to increase effectiveness in educators.

**This workshop replaces the Supervision and Evaluation three-day seminar series with a streamlined focus on ensuring leaders have the skills and strategies needed to increase effectiveness in educators.*

The two-day seminar will focus on:

- ✓ Learning and practicing effective feedback strategies
- ✓ Best practices for evidence-based data gathering and Measures of Student Learning
- ✓ Building skills in inter-rater agreement, feedback and coaching
- ✓ Growing capacity through effective professional learning, collaboration and PLCs

Evaluator Designee Approval is available through this workshop. A pre-session on Monday, July 23, from 8:30 AM - 10:00 AM is a mandatory requirement in order to earn your certification, in addition to a pre-seminar assignment. Designees must pay an additional \$45 for this portion.
