

LODGING SELECTION GUIDE

With high demand for lodging during the CASE Convention, we want to make it as simple as possible to select the option that best meets your needs. We have expanded our event room block offerings to accommodate the increase in registrants over the last several years. CASE has secured a discounted room rate at each of the below venues, and developed this chart to help provide an at-a-glance overview of what each venue has to offer. Our lodging fills quickly, so we encourage you to also seek local Airbnb stays or VRBO rentals. Please consider booking a larger space with multiple rooms with your colleagues.

Visit <https://www.co-case.org/page/ConventionLodging2025> to make your reservation.
