**START WITH THE CASE EXPLORING THE SUPERINTENDENCY
WORKSHOP!**

Get practical, hands-on learning with colleagues across Colorado in a cohort-based workshop designed to help you outline your path to the superintendency. Understand the mindset you need to succeed as a superintendent, develop strategies and tools for the job search, and deepen your knowledge of the topics and issues you'll need to know about as a superintendent.

You'll feel prepared and confident to take the next step in your leadership journey, and you'll do it alongside a group of peers who can support you along the way.

Leading the workshop:

Michelle Scallon, Superintendent, Weld Re-4

Chris Gdowski, Superintendent, Adams 12 Five Star Schools

Charlotte Ciancio, former Superintendent, Mapleton Public Schools
