

Maggie Colucci, D.C. • President

Our Vision: *The FCLB is the premier international resource for information and consolidated services for ensuring the safe, ethical practice of chiropractic.*

Our Mission: *Protecting the public by promoting excellence in chiropractic regulation through service to our member boards.*

SERVICES

EDUCATION

Our annual and regional meetings focus on regulators learning from regulators. We promote networking, communication, and best practices in chiropractic regulation. At FCLB, we believe an informed regulator is the only way to have a fair regulator.

INFORMATION

FCLB serves as a clearinghouse of information about chiropractic licensure. From white papers to model language, from license verification links to scope of practice for every member board, all of this and more is available on the FCLB website at fclb.org.

CENTRALIZATION

Redundant workloads are a poor use of licensing boards' time, and duplicate inquiries and submissions are a waste of stakeholders' time. FCLB works to centralize these redundant processes through targeted, streamline programs that consolidate projects through single, volunteer task forces. These projects include

CCCA

Certifying the Professional Status of Chiropractic Assistants

CA regulation is spreading across licensing boards. When chiropractic assistants earn their **Certified Chiropractic Clinical Assistants (CCCA)** status, they are taking a step toward nationwide certification and a higher standard of care.

State licensing boards hold doctors of chiropractic accountable for their chiropractic assistants' actions. When assistants lack the training to carry out their responsibilities with competence, patients suffer.

CCCA creates a uniform, basic standard of training and competence for patient protection and offers professional status for CAs who take their responsibilities seriously.

Find out more at www.FCLB.org by clicking on the Chiro Assistants link.

PACE

Screening Continuing Education

Large-scale continuing education providers complete more than 1,000 pages of applications every year for relicensure CE approval. FCLB's **Providers of Approved Continuing Education – Chiropractic (PACE)** pre-screens CE programs, drastically slashing that paperwork and offering automatic approval for CE in many jurisdictions. Smaller, non-profit CE providers – like state associations - also benefit from PACE's discounted fee structure. Doctors of chiropractic benefit from PACE's automatic online credit tracking. And state licensing boards benefit from the reduced workload and PACE reviewer expertise.

To learn more or see the list of 36 licensing boards that accept PACE automatically or via an abbreviated application, visit fclb.org and click on PACE.

CIN-BAD

Tracking Board Actions

The **Chiropractic Information Network – Board Action Databank (CIN-BAD)** tracks and stores all public records of board actions issued by US chiropractic licensing boards.

Whether it's unprofessional conduct, or felony convictions, you can check possible employees, vacation fill-ins, or association board members and make an informed decision.

CIN-BAD currently houses nearly 25,000 action records dating back to 1954. Click the CIN-BAD link at fclb.org to find out how you can query the database.

PASSPORT

Making Licenses Portable

The FCLB's developing **Passport** program offers selective authentication of licensure status for temporary mobility. Our new program includes verification of good standing and clean criminal backgrounds for DCs interested in traveling to treat in unregulated jurisdictions.

To apply, visit fclb.org and click on the Passport link.

FCLB BOARD OF DIRECTORS

- President: Dr. Maggie Colucci (NV)
- Vice President: Dr. Kirk Shilts (MA)
- Treasurer: Dr. Carol J. Winkler (ND)
- Immediate Past President: Dr. Farrel I. Grossman (SC)
- District I Director: Dr. James Buchanan (WY)
- District II Director: Dr. Robert Daschner (MN)
- District III Director: Dr. Keita Vanterpool (DC)
- District IV Director: Dr. Karen Campion (TX)
- District V Director: Dr. Ned Martello (LA)
- Administrative Fellow Director: Ms. Patricia Oliver (LA)

Find us on FaceBook! The FCLB has launched our FaceBook page to help us keep in touch with public, professionals, and our member boards.
