

2010 Holidays in March

This year marks the eighth anniversary of our *Holidays in March* event; a unique opportunity to brighten the lives of foster and disadvantaged children from Collier County under the care of Children's Network of Southwest Florida. The children that attended this event enjoyed a day at the *Naples Zoo at Caribbean Gardens*, were treated to lunch in the "Rainforest Grove," and received an age-appropriate toy from the Young Lawyers Division. As most of the children who attended the event would not normally have the opportunity to visit the *Naples Zoo*, our event provided very special and exciting day for both the children and their families.
