Course Title: Real Time Infrared Imaging and Laser Confirmation in the Clinical Setting
Date of Course: Saturday, February 11, 2017
CE Hours Applicable: 8 CE | 9:00 a.m. - 5:00 p.m.
Location: CCA Headquarters | 8751 E. Hampden Ave, Ste B7, Denver, CO 80231

Synopsis of Course:

The goal of this presentation is to inform and train the doctor on advanced infrared diagnostic imaging and advanced laser technologies to include the science, history, benefits, risks and clinical factors governing safe and effective laser therapy.

Course Outline (Note, each element is approximately 20-45 minutes)

Day 1 Presentation

- New Technologies in Real Time Infrared Imaging
- The Science of IR Imaging and its Relevance to Chiropractic Care

Break

- LASER - The History, Science, Benefits and Risks of Laser Therapy
- Advanced Technologies in Immediate Response Laser thru Power and Frequency

Working Lunch

- Benefits and Risks: What, When and Where to Treat and Not to Treat
- Patient's Presenting Profile and Provocative Testing Overview

Break

- Real Time Post Treatment Markers in IR Imaging and Laser Therapy Overview
- Managing Care Plans, Workflow and Staff Training for a Safe and Successful Laser Practice

Questions/Review

Qualifications of the Instructor:

Dr. Frank Jarrell graduated from Life Chiropractic College in 1988 and currently has more than 28 years of practice experience and 23 years of diagnostic and treatment protocol development emphasizing spondylogenic reflex syndromes. He continues to work with failed and unresolved cases in neuromusculoskeletal conditions. Dr. Jarrell is the Director of Spinal Reflex Institute, Intl. LLC, a professional post graduate educational portal, and is the developer of physician based Spinal Reflex Analysis, SRA Laser Adjusting, Infrared Diagnostics, 5MinuteBack, 5MinuteBack for Pregnancy and TrueCore Intersegmental Stabilization protocols and CEC training programs.

Dr. Jarrell also developed Spinal Reflex Therapy, a soft tissue based, endogenous analgesic deactivation technique taught through Spinal Reflex Institute, Intl. certified instructors in the U.S., Europe, Australia and NOVA Community College in Virginia; the largest Community College in the U.S. Spinal Reflex Institute, Intl. currently has over 800 alumni.

NOTICE: To fulfill the CE requirements of the Colorado Board of Chiropractic Examiners established via rules, you must:

1. Obtain 15 CE hours per year (November 1 - October 31) for a total of 30 every two-year license renewal period. These hours must meet the educational requirements as outlined by the board. Subjects of a clinical nature are generally approved, while subjects such as practice management, managed care, financial management, or personal motivation do NOT qualify.
2. Maintain records of seminar attendance in your files including:
 - .The title, date and hours of the course
 - .Verification of CE hours attended
 - .A synopsis of the course
 - .The qualifications of the instructor
3. The board will perform audits to insure CE compliance.

Please contact the CCA for additional information.

| Course Title: | Real Time Infrared Imaging and Laser Confirmation in the Clinical Setting Hands on Workshop |
| Date of Course: | Sunday, February 12, 2017 |
| CE Hours Applicable: | 8 CE 9:00 a.m. - 5:00 p.m. |
| Location: | CCA Headquarters 8751 E. Hampden Ave, Ste B7, Denver, CO 80231 |

Synopsis of Course:

Optional Day 2 Workshop includes the utilization and interpretation of infrared imaging (IR), IR workup on each registrant, provocative testing, Spondylogenic Reflex Analysis on each registrant, laser treatment options, laser setup, procedures and strategies, care plans, factors governing safe and effective laser therapy and patient education.

Day 2 Workshop (optional)

- Provocative Tests and Its Relevance to Laser Therapy
- Infrared Imaging Procedures and Image Interpretation
- Chiropractic Cues Leading to the Need for Laser Therapy

Break

- SRA Diagnostic and Laser Treatment Procedures
- Laser Risks and Patient Disclosure
- Getting the Most out of Your Device and Knowing Your Device's Limits

Working Lunch

- Laser Set Up and Application Techniques
- Calculating Power, Time and Deep Targets
- Pre and Post Laser Assessment

Break

- Clinical Evaluation and Treatment Sessions – Bring a Problem with You!
- Care Plans, Coding, Follow-up Care and Integrating into Your Procedures
