Course Title: *Musculoskeletal Diagnostic Ultrasound – An Innovative New Imaging Modality*
Date of Course: *Thursday, August 10, 2017*
CE Hours Applicable: *2 (two) CE Hours | 7:00 p.m. - 9:00 p.m.*
Location: *Renaissance Denver Stapleton | 3801 Quebec St. Denver, Colorado 80207*

Qualifications of the Instructor:

Alicia M. Yochum RN, DC, DACBR received her Bachelor of Science in Nursing from Point Loma Nazarene University and then worked in the ICU for one year before matriculating to Logan College of Chiropractic where she graduated Sum Cum Laude in 2011. She completed her diagnostic imaging residency at Logan in 2015 and received her DACBR in October of 2015 becoming the first second generation DACBR in the history of chiropractic. She has performed editorial review for the Journal of Chiropractic Medicine and she serves as an Associate Editor for the Journal of the Academy of Chiropractic Orthopedics (JACO). Dr. Yochum has published many articles in peer reviewed journals and lectured around the country with her father, Dr. Terry R. Yochum, as well as in England and Germany. She recently completing her fellowship in musculoskeletal advanced imaging at Logan University with an emphasis on musculoskeletal diagnostic ultrasound. Dr. Yochum is now practicing with her father in Denver, Colorado.

*Alicia M. Yochum, RN, DC,
DACBR, RMSK*

Dr. Terry R. Yochum is a second-generation chiropractor and a cum laude graduate of the National College of Chiropractic, where he subsequently completed his radiology specialty. He is a member of the Sigma Chi Fraternity (1967). He is a Diplomate of the American Chiropractic Board of Radiology and served as its Vice-President and President for seven years (1983-1990).

Terry R. Yochum DC, DACBR

Dr. Yochum is currently Director of the Rocky Mountain Chiropractic Radiological Center in Denver, Colorado, and an Adjunct Professor of Radiology at the Southern California University of Health Sciences (formerly LACC).

On September 27, 1996 Dr. Yochum was bestowed the honor of "Fellow" by the American Chiropractic College of Radiology (ACCR). He is the youngest recipient ever to receive this award, which has only been given to eight DACBR's since the inception of the ACCR in 1958. The title of Fellow is the highest honor awarded to any member of the ACCR for distinguished service and contributions in the advancement of chiropractic radiology. Dr. Yochum was also honored with an

NOTICE: To fulfill the CE requirements of the Colorado Board of Chiropractic Examiners established via Rule 8, you must:

1. Obtain 15 CE hours per year (November 1 - October 31) for a total of 30 every two-year license renewal period. These hours must meet the educational requirements as outlined by the board. Subjects of a clinical nature are generally approved, while subjects such as practice management, managed care, financial management, or personal motivation do NOT qualify.
2. Maintain records of seminar attendance in your files including:
 - The title, date and hours of the course
 - Verification of CE hours attended
 - A synopsis of the course
 - The qualifications of the instructor
3. The board will perform audits to insure CE compliance.

Please contact the CCA for additional information.

appointment to the Department of Radiology at the University of Colorado School of Medicine as a skeletal radiologist, where he has been on staff since January of 1991. In June of 1991, 1993, 1996, 1997, 1999, 2001, 2003, 2004 and 2006 he was unanimously voted “Best Faculty Radiology Instructor of the Year” by the 40 radiology residents at this university. He is the only person ever to have won this award nine times. Dr Yochum is the recipient of the “Dr. Monte Greenawalt Chiropractic Excellence Award”, presented in Las Vegas, Nevada, in February 2003, Dr. Yochum was voted the co-chiropractor of the year (2006) in his home state of Colorado.

Dr. Yochum has been inducted into 4 Hall Of Fames. In 1998 – The St. Louis Amateur Baseball Hall of Fame; 2010 - The National College of Chiropractic Hall of Honor; 2011 – The National Fraternity – Sigma Chi Hall of Fame – given the designation of “Significant Sig; 2012 – Inducted into Cleveland High School Hall of Fame, St. Louis – where both he and his father attended high school.

Dr. Yochum has presented over 1,200 lectures worldwide. He has had over 250 scientific articles published in both the chiropractic and medical literature. The first edition of Dr. Yochum's text, “Essentials of Skeletal Radiology”, is a benchmark publication for the profession. This textbook sold over 100,000 copies since 1987. It is the required text in radiology at all 40 chiropractic colleges worldwide and is being used in over 100 medical schools around the world. The third edition of Dr. Yochum's text was released in 2005 and has expanded to 1,900 pages with a new chapter entitled “Masqueraders of Musculoskeletal Disease”.

Michael Barry DC, DACBR is a 1988 cum laude graduate of Palmer College of Chiropractic. He completed a three-year radiology residency at Logan College of Chiropractic following two years of clinical practice in Las Vegas, Nevada. He received his diplomate in radiology from the American Chiropractic Board of Radiology in 1992. Dr. Barry is a postgraduate faculty member at Parker College of Chiropractic, Logan College of Chiropractic and Los Angeles College of Chiropractic. He is currently the president of the American Chiropractic College of Radiology. Dr. Barry has published many journal articles and several book chapters, including chapters in the second editions of Essentials of Skeletal Radiology and Conservative Management of Sports Injuries. He is the director of Arbor View Chiropractic Center and has served as a staff radiologist at Rocky Mountain Chiropractic Radiology Center in Denver, Colorado since 1993.

Michael Barry DC, DACBR

Synopsis of Course:

- What can MSK US see?
- What joints can you use it on?
- When should I order an MSK US vs MRI?
- The application of this new modality will be thoroughly explained by Dr. Alicia Yochum which will impact your practice in a very creative way.
- Great for assessing the origin and extent of athletic injuries as well as knowing when the athlete should go back to play.
- Significant medical legal implications for motor vehicle accidents and personal injury cases.
- Examination time only 30-45 minutes per region.

Dr. Terry Yochum and Dr. Michael Barry will present some interesting and challenging MRI case studies to support this meeting.
