

'Reflex Foundations in Vision Therapy By Patti and Alex Andrich'

Hosted By COVD Canada

This lecture will be (12) hours on primitive reflexes and how they affect your patients. It is a hands on workshop for doctors and therapists. Many of the primitive reflexes trigger visual behaviors. When integrated, therapy is quicker and more effective.

When: **October 20th, 2018, 9am-5pm**

October 21st, 2018, 9am-2pm

Where: **Panorama Optometry**
