

COVD CANADA PRESENTS:

VISION THERAPY 101

Presented by Dr. Dawn Dunford, O.D., F.C.O.V.D

September 15th, 2018 9am to 5pm &

September 16th, 2018 9am to 1pm

Guelph, ON

Course Objective: This is a beginner's guide to vision therapy. This course is great for an optometrist who would like to start vision therapy in their practice. It is also helpful to vision therapists that will be assisting in day to day vision therapy with patients. In this 2-day course, we will go over theory and method of some of the foundations of visual deficits and vision therapy. We will also spend some time discussing practice management and how to implement a vision therapy program in your office.

Location:

Vue³ Vision Therapy Network Guelph (Guelph Vision Therapy Center)

1030 Gordon St. Unit 202

Guelph ON

N1G 4X5

Cost: \$750/registrant. Please make our cheques to COVD Canada Chapter.

Please RSVP to Dr. Heather MacKenzie at drhm@gvtc.ca. Also note, we need to have a minimum of 10 attendees to provide the course.
