# 2019 Symposium

## Medical Assistants Program with Tina Del Buono, Top Practices

February 1, 2019 Hartford Marriott Downtown Hartford, CT

## Schedule

9:30-10:00 am Registration

10:00-11:00 am Visit Exhibit Hall

11:00-12:15 pm Opioids: An Update  
Proper Intra-Operative Anesthesia to Limit Post-Op Opioid Use

12:15-1:30 pm Lunch in the Exhibit Hall

**1:30-5:30 pm Medical Assistants Breakout Program: Tina Del Buono**

**The Power of Presentation:** The impact of how we present to our patients by sight and how it actually influences them in the first seven seconds of meeting us. "You never get a second chance to make a first impression."

**Key Step To Creating A High Performing Team:** Understanding our purpose, patient care and setting up training programs.

**Quality Patient Care:** Learning the five "P's" in quality patient care.

- Purpose
- Pride
- Patience
- Performance
- Perspective

**Mastering the Schedule:** All about scheduling and how we can be successful (most of the time) if we can understand what it takes to cycle our patients through the office. We will discuss how each person in the practice plays an important role in successfully carrying this out.

**Balancing the Front and Back, "Why we need protocols":** Presents a walk through the day for the front and back office staff. How can we work together and understand what each of our roles are so that we can be helpful, more efficient and create a better workplace for ourselves and the patients who visit us each day.

5:30-7:00 pm Cocktail Reception
