

CONFERENCE OF RADIATION CONTROL PROGRAM DIRECTORS, INC.

POSITION

Relating to: Indoor Radon Abatement Act

The Executive Board adopted the following position relative to the continuation of the EPA Grant and recommended that it be adopted as a CRCPD position.

That in the interest of protecting the public health and achieving the goal of the Congress as expressed in the Indoor Radon Abatement Act, the State Grant provisions of the Act be extended and reauthorized to give individual states additional time to develop fully functioning radon programs.
