Whereas: Joel Lubenau's dedication to radiation protection, both nationally and internationally, can be found in his many publications and other contributions evidenced by his involvement in projects such as unwanted radium disposal, orphan sources, general licenses, scrap metal contamination, assistance in designing the initial Profile of State Radiation Control Programs, and serving on a comprehensive review team for a state program; and

Whereas: Joel Lubenau could always be counted on to assist the CRCPD and states wherever needed, and to provide a heads up on important issues facing the state radiation control programs; and

Joel Lubenau will always be remembered as a special friend of the states. The CRCPD Board of Directors recognizes and appreciates Joel Lubenau for his tireless efforts in assisting the states and the CRCPD in carrying out their mission — to promote consistency in addressing and resolving radiation protection issues, to encourage high standards of quality in radiation protection programs, and to provide leadership in radiation safety and education.
