CRCPD Working Group Fact Sheet

E-5 Committee on Radioactive Waste Management

February 2018

Charges:

1. To review new USDOE documents relating to LLRW disposal facility license application evaluation, site characterization, facility operating licenses and other DOE documents relating to the licensing and regulation of LLRW sites. Following such document review, the committee will provide comments and recommendations to DOE. [G1-O4] [G5 - O1]
2. Review NRC documents relating to LLRW disposal facilities including 10 CFR 61 and related guidance. Following such document review, the committee will provide comments and recommendations to NRC. [G1-O4] [G5-O1]
3. To develop a “white paper” exploring “Defense-in-Depth” for low level radioactive waste (LLRW) disposal sites.
4. Review and update the CRCPD report entitled “*Environmental Monitoring Report for Commercial Low-Level Radioactive Waste Sites (1960’s through early 1990’s), November 1996, DOE/LLW-241.*”
5. Work with the sited state regulators to compile a list of their important disposal site waste acceptance criteria (e.g., top 10-12 waste criteria or commonly violated by generators/brokers). This list will be posted on the CRCPD website. Complete by July 2017.
6. Review and update current CRCPD and Board waste-related positions/resolutions for board approval. Complete by December 2017.
7. To provide liaison for CRCPD with the Low Level Radioactive Waste Forum (LLW).

Note: When a Letter/Number combination appears in brackets after a charge, it denotes how the charge links to CRCPD's Goals and Objectives, as listed in [CRCPD's Strategic Plan](#).
