CRCPD Working Group Fact Sheet

SR-X Suggested Regulations - Part X: Medical Therapy

May 2018

Charges:

1. Review and update existing CRCPD Suggested State Regulations for Control of Radiation pursuant to parallel rulemaking process and rules of federal agencies; continue updating existing and developing new regulations deemed necessary because of new technical developments. [G1 - O2, O4]
2. Review and comment upon both the content and planned compatibility designations of proposed rules of federal agencies affecting the Part in the group's purview. [G1 - O3, O4]
3. Review proposed regulatory initiatives in the early development at the federal level and provide an analysis to the states through OED. The analysis is to include the appropriateness of the proposed compatibility designations, particularly those with Health and Safety significance. [G1 - O3, O4]
4. Investigate the superficial use of x-rays to treat skin conditions to ascertain what regulations should be proposed to prevent hazards to patients and users, including who is qualified to use x-rays for skin treatment. If deemed necessary to address as a therapy issue, include language in SSR-X to address radiation safety training for authorized users and any other radiation safety requirements.

Note: On all of the Fact Sheets, the Letter/Number combinations that appear in brackets after each charge denote how the charge links to CRCPD's Goals and Objectives, as listed in [CRCPD's Strategic Plan](#).

If interested in serving on this working group, contact the Chairperson at bill.dundulis@health.ri.gov.
