CSHP Research and Education Foundation Celebrates its 10th Anniversary

Ten years ago, CSHP formed the Research and Education Foundation (Foundation) to further the organization's outreach to the public. The mission of the Foundation is to support research and education that improves public health and welfare. The Foundation has completed work on the Aging Project Report grant to look at interdisciplinary care for the elderly population, awarded scholarships to deserving student pharmacists, and collaborated with the Seminar planning teams to provide quality continuing pharmacy education programs for CSHP members. Poster submissions from the Western States Conference and CSHP Seminar will soon be showcased on the CSHP Foundation website.

The Foundation continues to grow and is reaching out to organizations who share our mission and goals to find areas to collaborate. We are exploring opportunities for additional grants to further our mission to promote public wellness. Our future plans are to foster pharmacy leadership through educational programs, and explore ways to support education and research that promotes the pharmacist's role in direct patient care.

This great work would not have been accomplished without the generous support of our donors. This year at Seminar, we celebrated our 10 year anniversary with our donors and CSHP members. We appreciated those who stopped by the Foundation exhibit booth to meet the board members and Foundation President Maria Serpa and enter in the raffle drawings.

We look forward to the next 10 years and appreciate your continued support. I encourage you to visit the CSHP Foundation website to donate online at www.cshp.org/FoundationDonation.
