

## Foundation News - Fall 2018

### Everyone Has A Story To Share!

We've all experienced the great satisfaction of impacting a single patient. Every day you are educating patients, their families and care providers to assure each patient receives the best treatment. It is a great feeling knowing you've made a difference in that patient's life.

You can influence more patients by sharing your experience with others. It starts with communicating your story and examples with peers in your workplace. You can also share key points via posters or presentations at professional meetings or publishing articles. Sometimes your model shows a need for further study to quantify outcomes or highlights opportunities for education.

The CSHP Research and Education Foundation support research and education to promote public health and the safe use of medications. We support individuals and groups by providing grants to investigate your model and scholarship opportunities. You can be a part of this great mission. If you are interested in serving on the Board of Directors or donating to support these efforts, contact us at [Foundation@cs hp.org](mailto:Foundation@cs hp.org).

You make a difference one patient at a time. The CSHP Foundation would like to help you to share your story.

### Congratulations to Our 2018 Scholarship Awardees

The 2018 Joseph H. Beckerman Memorial Scholarship Award and the John J. Carbone Memorial Scholarship Award will be presented at Seminar 2018 at the San Diego Hotel & Marina on Saturday, October 6, 2018. These \$1,500 scholarships are awarded annually to a California pharmacy student who exhibits a desire for a career in health-system pharmacy and demonstrates characteristics that were important to these leaders in pharmacy.

For more information, see the [CSHP Foundation website](http://www.cs hp.org).

**Our Mission**

The CSHP Foundation's mission is to promote public health and the safe use of medication through research and education. The Foundation serves to promote public welfare through education and research in institutional pharmacy and related practices; to increase the cultural and diversity competence of health-system pharmacists; and to fund activities that support the mission and vision of the Foundation.
