

Loma Linda University School of Pharmacy

QUIZ BOWL & CSHP SEMINAR

Loma Linda University School of Pharmacy is thrilled to announce a significant triumph as our student team claimed the first-place trophy at the CSHP Seminar Quiz Bowl! Competing against pharmacy schools from across California, our team showcased outstanding knowledge and poise. Their dedication was evident as they confidently tackled questions ranging from clinical practice to pharmacology. This victory is a powerful reflection of their commitment and the vibrant, supportive community nurtured at LLUSP. Their success serves as an inspiration for both current and future students. Congratulations to our talented team on this well-deserved and exhilarating achievement!

Naloxone Booth Health Fair

In October, our chapter participated in the San Bernardino Health Fair by hosting a naloxone education booth. We provided information on how naloxone can reverse opioid overdoses, demonstrated proper administration techniques, and answered questions from community members. Thanks to the generous support of Riverside University Health System's Emergency Department and Dr. Jimmy Hernandez, we were also able to distribute free naloxone kits to attendees. This outreach was an important opportunity to reduce stigma, empower individuals with knowledge, and ensure families had access to a life-saving resource. We were encouraged by the strong community interest and grateful for the chance to make a positive impact. Our team looks forward to continuing similar initiatives to support education, prevention, and patient safety.

Pharmacy Students Explore the Intersection of Law and Practice

Bridging the gap between policy and practice, Loma Linda University held an engaging Legislative Mock Day for pharmacy students. The event provided a deep dive into the complexities of California's pharmacy laws and regulations. Students then put their learning into action during a lively mock debate, where they applied these legislative principles to real-world scenarios. It was a valuable experience that highlighted the direct impact of law on pharmacy practice.

Faculty Research Showcase Ignites Student Curiosity

Students recently had the opportunity to explore the exciting research being conducted at our school during the annual Faculty Research Showcase. Professors from various departments presented their latest findings and shared insights into their work, spanning topics from clinical outcomes to novel drug discoveries. The event highlighted the many opportunities available for students to get involved, offering a clear pathway for them to contribute to cutting-edge projects and gain invaluable hands-on experience.

Bidding for a Cause: Annual Auction Connects Students and Professionals

Our annual silent auction brought together Loma Linda pharmacy students and pharmacy leaders from across the Inland Empire for a night of networking and friendly competition. This unique fundraiser gave our students the chance to bid on invaluable experiences, including one-on-one shadowing, exclusive golfing outings, and career-building meals, all generously donated by local pharmacists. While students eagerly competed for these prizes, they also had the chance to connect with established professionals in a relaxed setting. We are thrilled that the funds raised will directly support our organization and enhance our educational programs, making this a truly meaningful event for our entire pharmacy community.

Membership Drive Successfully Connects Students

It was wonderful to see so many new and returning faces at our recent membership drive. Our board set up a friendly booth to guide P1, P2, and P3 students through the sign-up process and answer questions about the advantages of becoming a member. We enjoyed discussing how our organization provides vital opportunities for networking and professional growth. The drive was a great success, and we are excited to welcome all of our new members for the upcoming year.
