

# CSHP Chapter Highlight: Western University of Health Sciences

## Spring/Fall Inpatient Internship Workshop 2/12/2024; 9/12/2024

On February 12<sup>th</sup> and September 12<sup>th</sup>, CSHP held their annual Spring/Fall inpatient internship workshops which provided students interested in internships the opportunity to connect with current inpatient interns from several Southern California hospitals. Attendees learned about different internship positions, upcoming internship openings, and tips for becoming competitive applicants.

## KGI/WesternU Virtual Meet the Residents 4/12/2024

The WesternU ASHP/CSHP student chapter partnered with the KGI CSHP student chapter to plan a virtual meet the residents event. Residents from 6 different programs were present. Participants were separated into breakout rooms, so they could learn about various residencies, ask any questions they had about residencies, and establish connections with the residents. This event was met with positive feedback from students from both schools which ensures our commitment to holding these events.

# WesternU 18<sup>th</sup> Annual Legislative Day

## 9/20/2024

On September 20<sup>th</sup>, 2024, The WesternU ASHP/CSHP collaborated with the APhA-ASP/CPhA, AMCP, Kappa Psi, and NCPA student chapters to host WesternU's 18<sup>th</sup> Annual Legislative Day. This was an opportunity for the **200+ students** we hosted to connect with various our local legislative leaders who consistently advocate for the pharmacy profession. We had the pleasure of hosting Dr. Daniel Kudo, Dr. Steven Gray, Dr. Sean Kim, Mr. Perry Han, and Dr. Paul Huynh to talk about various ways we students can get involved in advocating for our profession and the WHY of engaging with our local legislators. Additionally, our student pharmacists had the opportunity of asking questions to our guest speakers about these various topics and connect with our esteemed speakers. Through this experience, we hope to have inspired the future generation of pharmacists to advance the profession of pharmacy.

## Pomona 5/10K Health Fair 10/19/2024

On October 19<sup>th</sup>, WesternU ASHP/CSHP had the opportunity to participate in Pomona's 5/10K event through providing pharmacy services. We provided blood pressure and glucose screenings in addition to flu vaccines. Here, student pharmacists had the opportunity to put the knowledge and skills that they learned in the classroom to real life situations. This also gave us the opportunity to showcase some of the services we pharmacists can provide. Besides the pharmacy-related services, the other WesternU colleges participated in providing services such as dental, foot, and eye exams.

## Ambulatory Care Speaker Event 9/26/2024

On April 12<sup>th</sup>, 2024, the WesternU ASHP/CSHP student chapter hosted Dr. Jong-Min (Chris) Park and student pharmacist Quyen Nguyen at WesternU to speak about the role of a pharmacist in the ambulatory care setting. Here student pharmacists learned about the different job opportunities, the services that ambulatory care pharmacists provide, and the need for ambulatory care pharmacists. Student pharmacists were active during the event and asked many questions to our speakers. Thank you to our wonderful speakers for this amazing event.
