

ICYMI: Scripps Health's Erica Bane Shares Joint Commission USP <800> 'Best Practices'

Thanks to all of you who joined us to hear how Dr. Erica Bane has used Rhazdrugs to streamline USP <800> compliance at Scripps Health! Here's a link to the [Rhazdrugs demo site](#) in case you want to see for yourself.

If you weren't able to make the talk, here's a link to [a 30 second video](#) about how Rpharmy takes all of your hazardous drug information, including administration and disposal, and puts it in your EHR (including [Epic](#), [Cerner](#), and [Meditech](#)).

Innovative partners like Scripps Health are why Rpharmy has over 600 hazardous drugs in the database, why we've had to figure out how to make this project manageable for pharmacy, AND why we've had to make sure [USP <800> compliance is an IT ticket instead of a project](#).

If you want to see how you can streamline USP <800> compliance like Scripps Health, please [set up some time](#) with Rpharmy to see our award-winning software.
