

Department of Pharmacy Services

Instructions: Each trainee will be proctored for a minimum of two cases. Proctoring will continue until the trainee receives a "meets" in all categories in one case to successfully pass.

Table with 5 columns: Topic Being Evaluated, Case 1 Evaluation (Need Improvement, Meets), Case 2 Evaluation (Need Improvement, Meets). Rows include Patient Interaction Assessment (1-4) and Medication History (1-6).

Overall impression: Please comment specifically on any part of the interaction that went well or the learner has room for improvement.
