

Danny K. Kim, PharmD, BCPS

Dr. Danny Kim received his Doctor of Pharmacy at USC School of Pharmacy. He completed a PGY-1 Pharmacy Practice Residency at VA Greater Los Angeles Healthcare System and received certification as a Board Certified Pharmacotherapy Specialist. He completed a Fellowship in Academic Pharmacy at USC School of Pharmacy. His fellowship specialized in pharmacy education that involved designing curricular units around learning principles, developing non-cognitive skills, and measuring educational outcomes. He has practiced in community, acute care, transitional care, and ambulatory care.

Dr. Kim currently practices as an Ambulatory Care Infusion and Oncology Pharmacist at Kaiser Permanente Santa Rosa Medical Center. He serves as a preceptor for pharmacy residents and students. He is also involved with pharmacy preceptor and leadership development workshops at Kaiser Permanente Santa Rosa Medical Center.
