

New Collections by Missouri EPHT: Occupational Health and Community & Infrastructure Indicators

The Missouri Environmental Public Health Tracking (EPHT) program is proud to announce new and groundbreaking indicators on Occupational Health and Community and Infrastructure available on Missouri's EPHT portal (http://ephtn.dhss.mo.gov/EPHTN_Data_Portal/index.php).

Occupational Health

covers information from employment demographics to injuries and fatalities. There are 21 different types of indicators, each broken out in multiple ways for your convenience and use.
