

Mid-level to Senior Associate
Leason Ellis LLP
Attorney

City: White Plains
State/Province: NY
Country: United States

Job Duties/Responsibilities

Who we are:

World Trademark Review states that our “lean size belies the immense talent housed here, with all its lawyers boasting stellar credentials.” We tend to agree. Leason Ellis is a young and growing IP firm headquartered in White Plains, New York. We launched in 2008, and now house 30 trademark, copyright and patent attorneys under our roof.

Requirements

Who you are:

You are an outstanding trademark and copyright attorney with ~4 to 8 years of experience. You’re equally adept at handling contentious matters and prosecution. You have a genuine interest in and firm grasp of the law, and the ability to apply it with increasingly less supervision. You interact directly with clients. They like working with you and admire your legal savvy and business-minded approach. In an ideal world, you will have written an article or two, spoken now and again in public forums, and perhaps started bringing in some business. You are looking to grow your career alongside a team of like-minded, collegial peers.

How to apply

Introduce yourself:

Please send your resume to Peter Sloane, who heads our Trademark and Copyright Practice Group, by e-mail to sloane@leasonellis.com. Feel free to skip the formal cover letter, but please share with us in your email: 1) an experience or two that demonstrates your skills as an excellent attorney, and 2) why see yourself at Leason Ellis.
