Call for Nominations: 2018 Florence Wald Award of Excellence in End-of-Life-Care

To honor Florence Wald, the CT Association for Healthcare at Home has created "The Florence Wald Award for Excellence in End-of-Life Care" which will be presented on May 4 at the Statewide Hospice & Palliative Care Summit at the Hilton Garden Inn, Wallingford.

Florence Wald was an internationally recognized pioneer in improving the care of dying patients across the world. Her focus on an interdisciplinary approach to end-of-life care led her to open the first hospice in the United States (here in Connecticut) in 1971. As a visionary leader with an unwavering commitment to social justice and reverence for life, she invited patient, family, and team participation and truly listened to their input which ultimately
started the hospice reform movement in this country. Thirty-seven years later at the time of her death in 2008, there were over 4,700 hospices in the country.
