CT Paid Leave provides up to 12 weeks of income replacement benefits in a 12 month period for qualifying reasons, including caregiver leave. However, the actual duration of your leave will depend on the information provided by your family member’s healthcare provider.

Leave can be taken continuously, intermittently, or on a reduced schedule basis.

CT Paid Leave benefits are based on your earnings and are capped at 60 times the state minimum wage (currently $840 per week).

CT Paid Leave benefits may be reduced by any employer provided benefits you receive, such as paid time off or short term disability. You cannot receive more than 100% of your normal weekly earnings.
