<thead>
<tr>
<th>Fall 2018 Courses</th>
</tr>
</thead>
<tbody>
<tr>
<td>LIB K101 – Introduction to Library Public Services (3 credits) (required)</td>
</tr>
<tr>
<td>LIB K116 – Cataloging and Classification* (3 credits) (required)</td>
</tr>
<tr>
<td>LIB K202 – Field Placement (90-hr. Internship) (3 credits) (elective)</td>
</tr>
</tbody>
</table>

*Prerequisite: Lib K123 Introduction to Technical Services

Application and Registration:

Because the LTA program is fully online, students do not need to come to campus. Apply and register as a distance learning student using the Three Rivers Community College Combined Application and Registration Form for Library Technology Certificate. This form and additional information about the Library Technology program can be found at Connecticut Library Consortium at [http://www.ctlibrarians.org/?3rivers](http://www.ctlibrarians.org/?3rivers)

Find course descriptions at the Three Rivers website under Academic Programs:

Assessment of Prior Learning (APL) - Life/Work Experience:

Those with extensive work experience in either Cataloging or Library Foundations may consider taking COU K101 and develop a portfolio to be assessed and, if successful, apply for course credit.
