QUICK GUIDE to CLC FURNITURE CONTRACTS

Contract F101: Library Furniture, Shelving & Accessories
VALID THROUGH MAY 31, 2023

CLC is pleased to offer our members contracts with **26 outstanding furniture suppliers** to help with renovations, new construction and remodels! These suppliers specialize in library furniture and accessories. They are great collaborators with outstanding ideas, and many offer free or low-cost design services.

On the following pages, you will find a brief description of each supplier and the products and services that make them unique. Descriptions have been submitted by the suppliers themselves. More detailed information, including discount levels, pricing for design and storage services, and much more, is available in CLC’s full furniture member guide - visit [ctlibrarians.org/bidcontracts](http://ctlibrarians.org/bidcontracts) (login required) or contact your CLC Member Relations Manager for access. You’ll also find more information about each vendor on CLC’s website at [ctlibrarians.org/furniture](http://ctlibrarians.org/furniture).

**WHY BUY FROM CLC CONTRACTS?**

Your library's CLC membership entitles you to purchase from CLC's publicly-bid discount contracts for books, non-print materials, library supplies, periodical subscription services, and now, furniture. These contracts are carefully crafted following bid and contract processes that comply with state and federal purchasing statutes and requirements. Most state and municipal entities, including public libraries, public colleges and universities, and public schools, must meet these strict purchasing requirements. By buying off of CLC’s contracts, you ensure compliance with these regulations while enjoying significant savings, without having to go out to bid on your own.

**GUIDE ORGANIZATION:**

Suppliers are listed in alphabetical order. See page 2 for a chart indicating the categories offered by each supplier.

**QUESTIONS:**

- General questions about CLC’s furniture contracts may be directed to your CLC Member Relations Manager:
  - **Public & Special Libraries**: [vacant] CLC Member Services, members@ctlibrarians.org, 860.344.8777
  - **Academic & K-12 Libraries**: Julie Yulo-Medeiros, jyulo@ctlibrarians.org, 860.344.8777 x102
- Supplier-specific questions should be directed to the appropriate contact for each supplier; see each listing for contact information.
- If you encounter any dispute between the supplier and the pricing outlined in CLC’s contract, or if you find a price offered by one of the contracted vendors on a contracted product that is lower than the bid price, please contact your CLC Member Relations Manager.

## Blockhouse Co., Inc

**Website**: [https://www.blockhouse.com/](https://www.blockhouse.com/)

**CLC Info Page**: [https://www.ctlibrarians.org/blockhouse](https://www.ctlibrarians.org/blockhouse)

### Company Description
At Blockhouse, we design, manufacture and install innovative contract furniture for a variety of markets. Our products are purpose-built for unique environments, fully customizable, and feature patented innovations that maximize your investment. Most importantly, we’re a true partner that will help you develop creative solutions and deliver on every promise we make.

### Products, Product Lines, Services
Our patented Key-Loc Cushion System helps organizations maximize ROI. Instead of replacing whole furniture pieces, Key-Loc makes it easy to flip cushions to the unused side, gaining years of additional use. It also makes it easy to launder fabric covers, and replace fabric covers without replacing the entire piece. A new look is as easy as swapping out covers with the Key-Loc system, and long-term value is maximized.

### Why Choose Blockhouse?
Blockhouse has a long-standing belief in partnerships and with that we view each of our customers as a partner. We come alongside each of our partners to better understand their specific needs without any pressure.

**CLC Info Page**  
https://www.ctlibrarians.org/fleetwood

## Company Description
Fleetwood® is a furniture manufacturer that specializes in partnering with schools to create effective learning environments. Our design process starts with understanding the key needs of students, teachers and administrators. We use these insights to design products and to discover the best way to arrange furniture throughout the school.

## Products, Product Lines, Services
Fleetwood has been providing mobile furniture for classrooms and libraries since 1955. Our research-inspired furniture and storage solutions increase student and teacher engagement, connection and well-being, while supporting the multiple ways teachers teach. We have always designed our products with flexibility in mind, and we are proud to stand behind that vision as schools and libraries are adapting to the new reality of evolving with COVID-19. Please contact us directly for a personalized assessment of your needs and a pairing to our best recommendations.

## Why Choose Fleetwood?
We live by four key principles: Smart, research-inspired products that provide solutions that solve for today's problems and anticipate tomorrows. Authentic reliable product, respectful relationships, real commitment. Fresh human-centered design and clean aesthetic solutions for learning and well-being. Easy on-time delivery, error-free products with best-of-class warranty and holistic, personalized services.

### Company Description
Hale Manufacturing is a 100-year-plus industry leader in fine wood bookcases, library furniture, storage, cabinetry, and display furniture for schools, universities, public libraries, and fine residences. Over the past 20 years we have become a leading supplier for libraries, completing thousands of projects large and small. We have been selected for many standards programs for school systems across the country. Due to our 113 year experience with wood furniture, Hale is recognized for quality and performance.

### Products, Product Lines, Services
Hale Manufacturing prides itself on being artisans in quality woodcraft, and although we are best known for our bookcases, we can also custom build many variations of furniture such as tables, study carrels, children's furniture and circulation desks. Whether filling a single off size wall space, or setting up a complete library, you provide the requirements and Hale provides the solution. Our goal is to help you design furniture solutions to your individual taste and functionality.

### Why Choose Hale?
Here at Hale we love wood. Wood is the only renewable natural resource. Wood has a unique beauty, is abundant in our homeland, and has the least carbon footprint. We are proud to work and play in the heartland of the North American hardwood forests. Let Hale bring this heritage to you with the distinction of product entirely made in Upstate NY!

**Company Description**

Jasper Group is the parent company to a family of furniture brands, each with its own passion, history, and area of expertise. Collectively, we bring time-tested, design-driven, and high-quality seating, casegoods, and furniture products to a wide range of environments. You can find Jasper Group brands through the world and everywhere from corporate offices to schools, government buildings to hospitals, public spaces to hotels and restaurants.

**Products, Product Lines, Services**

Jasper Group and our family of brands create high-quality, design-forward furniture for a wide range of clients, budgets and environments, including business, education, government, healthcare, public space and hospitality. With an eye on the present and the future, we seek to meet our markets’ needs. Integrating ergonomics and office dynamics, as well as traditional, transitional and contemporary styling into our seating, lounge and casegood offerings. We constantly hone our commitment to environmental sustainability, as well. Because it’s renewable, recyclable, natural, carbon negative and biodegradable, we use wood as our primary material, but we don’t stop there. We recycle, reduce waste through smart planning and maintenance, use environmentally-friendly fabrics and materials and, recently, launched a solar initiative.

**Why Choose Jasper/JSI?**

Much like our product range, our customers are exceedingly diverse. Jasper Group is uniquely positioned to answer their needs. After all, our business is built on the founding principle of using our greatest resources—our people, products and services—to the best advantage. This principle is evidenced in our exemplary design and workmanship, innovative solutions, and in our ability to understand our markets, listen to our clients, and deliver on our promises.

W.B. Mason is focused on solving customer problems with personalized services and customized solutions. The organization takes the long-term view on strategies and business relationships, and is flexible to meet customers’ ever-changing needs. The objective is to provide the best overall solution.

**Products, Product Lines, Services**  
The contract furniture division provides you with furniture direct from over 400 manufacturers. You will have access to a local W.B. Mason representative, who oversees each phase of a furniture project – Design, Project Management, Account Management, Installation, and Service. The representative serves as account manager, and interacts with designers, project coordinators, installers, and customer service to ensure long-term customer satisfaction. Projects can range from one office of new furniture to a complete redesign of a corporate headquarters or school.

**Why Choose WB Mason?**  
As the largest family owned contract and education furniture dealership in the United States, WB Mason's ability to offer the largest selection of product solutions along with our consultative team of experienced design and sales professionals makes us the ideal choice for customers across the country. This experience and expertise allows us to act as a true consultant to the CLC and provide their members with solutions and a partnership that will yield their ideal environment.
