

DAYTON BAR FOUNDATION DBF FELLOWS

The Foundation Fellow designation is an honor bestowed on a select and distinguished group of DBA Members who demonstrate integrity, character and professional excellence. By accepting this invitation, a nominee agrees to join in the work to significantly advance the mission and goals of the DBF, they volunteer their time and special skills to the various Foundation Committees, and they exhibit leadership by donating financially to the Foundation Endowment, which helps to provide key grant funding for numerous programs that positively impact our community by increasing equal access to justice, expanding education and workforce development and generally supporting important not-for-profit community groups.
