Tell Us More!
SDPA Wants to Share Your Great Stories

During #PAweek Oct. 6-12, SDPA will kick off an ongoing campaign designed to promote the Derm PA profession by educating consumers and patients about the value Derm PAs bring to the healthcare team.

SDPA members are invited to submit pictures and a two- to three-paragraph profile piece about their life, work and/or hobbies. The following writing prompts may help you get started:

- Why did you become a Derm PA?
- Where are you from and/or where do you currently reside?
- What is the most rewarding part of your job?
- How do you manage the work-life balance?
- What do you do for fun?
- Tell us about any personal or professional successes outside of your regular practice that you would like to share.

If you have writer’s block – don’t worry! Members who do not want to write a profile piece are invited to submit answers to questions below (no more than five, please!) Forward your answers, along with your name, the area of Dermatology you practice, city/state and a photo to Kim Coghill at kcoghill@dermpa.org or communications@dermpa.org. We look forward to getting to know you!
