MEMBERSHIP GUIDE

Where Diversity, Inclusion & Global Education Intersect
ABOUT DIVERSITY ABROAD

Diversity Abroad is the leading membership organization that inspires and supports educators, policy makers, industry professionals, and other stakeholders in connecting internationalization efforts with diversity, equity, and inclusion goals. Our consortium’s shared overall goal is to ensure that all students—domestic and international—have equitable access to the benefits of global learning, a high impact practice—and are able to leverage such educational opportunities to thrive academically, personally, and professionally.

THE VALUE OF MEMBERSHIP

Diversity Abroad firmly believes in the power of global education and that access to the benefits such experiences afford is a question of educational equity. Since its inception in 2006 Diversity Abroad has identified key barriers to implementing and sustaining inclusive practices in global operations on campuses and in organizations. Our comprehensive approach to working with our members is informed by these insights and centers on assessing diversity & inclusion practices, connecting advisors to practitioner resources, hosting learning and development opportunities for faculty, staff & administrators and empowering students through our innovative digital learning and advising tools.

With expertise, authenticity, and in collaboration with its global community of institutions, organizations, and thousands of professionals, Diversity Abroad advances students’ success, interpersonal growth, and career readiness through equitable access to the benefits of global education. This is accomplished by our holistic approach that fosters diversity & inclusive good practices & policies in the following areas of global education:

• Career Advancement & Belonging for Global Educators
• Education Abroad
• International Student Services & Cultural Exchange
• Global Engagement at Home
