Tip No. 1: Search for a Video on Our Channel

If you remember part of a video's title or what it was about, try searching directly within our channel.

1. Visit our YouTube channel using the link above.
2. Look for the **magnifying glass** near the channel name. This is the channel's search button.
3. Click the magnifying glass and type a word or two about the video you want to find. For example, try “NEP,” “prayer,” “history” or “international.”
4. Press Enter or select the search icon to see matching videos.

Helpful hint: You don't have to remember the entire title! Start with a distinctive word or phrase you remember from the video. If you don't find what you need, try a different word.

Tip No. 2: Browse Our Playlists

A playlist is a collection of videos grouped together by topic. Playlists make it easier to find related videos without searching through everything on the channel.

1. Visit our YouTube channel.
2. Select the **Playlists** tab near the top of the page. If you are using a phone or tablet, you may need to scroll through the channel tabs to find it.
3. Browse the playlists to find a topic that interests you.
4. Select a playlist to see the videos in that collection, then choose the video you want to watch.

For example, if you are looking for a National Enrichment Program (NEP) training module, look for the **NEP Module** playlist. You can browse the videos collected there instead of searching through the entire channel.

Playlists may also help you discover other videos on a topic you are interested in!
