

EAO Certificate in Implant-based Therapy

**Minimum
requirements for
photo/X-ray
documentation**

Introduction

This document provides information on the photos you should provide to support your application for the EAO Certification Programme. You should submit a PDF with photos for each of your cases. Please limit the number of pictures to 40 per case and upload a single PDF per section.

The following pages provide details of the minimum range of photos and X-rays you should provide. They also feature examples of the types of photos required.

In addition to supplying photos, you will need to provide six implant cases using the accompanying PDF form. You can download a copy of the form by clicking [here](#).

For any questions regarding this application form, please contact the EAO Office at
T +33 1 42 36 62 20 | E info@eao.org

Contents
