Introduction.....	v
<b>Keynote Address</b>	
Urban Design to Nurture Human Potential.....	1
<b>Plenary Sessions</b>	
Exploration in the Seattle Waterfront: Innovations in Design .....	2
Indigenous Design Emerging Gifts .....	2
From the Ground Up: Strategies for Community Development and Democratic Design.....	3
<b>Invited Session</b>	
Landscape Performance: Documenting the Benefits of Sustainable Landscape Solutions .....	4
<b>Career Award Winner</b>	
Robert W. Marans, PhD, AICP, Professor, Institute for Social Research, University of Michigan.....	5
<b>Service Award Winner</b>	
Nana Kirk, PhD, Senior Associate, Environmental Vision.....	6
<b>Refereed Full Papers</b>	
Inside High-Rise Living: Effects on Mental Health .....	9
Designing Locally with Global Vision: An Emerging Authentic ‘Engagement & Design’ Systems Thinking Approach from Experiences in Rural America .....	14
Placemaking for Children and Young People in a Hospital Context .....	24
‘Fieldwork’: Pedagogic Approaches to the Experience of Travel and Place.....	29
The Bilbao Legacy: Global Extravagance and Local Indebtedness .....	35
The Restoration of Attention: A Role for Compelling European Architecture? .....	42
Tracking Urban Sprawl: Applying Moran’s I Technique in Developing Sprawl Detection Models .....	47
The Impact of Acoustical Environmental Design on Children with Autism .....	54
Problem-Based Learning as a New Place Maker in Campus Learning Space: Behavioral Studies of Student Collaborations and Group Dynamics .....	60
Non-spatial Aspects of Spatial Knowledge: Comparing Visually Impaired Subjects’ Verbal Descriptions to Sighted Subjects’ Representations.....	67
Redeveloped Yet Segregated Neighborhoods: An Analysis of Changes and Perceptions in Korean Apartment Neighborhood Redevelopments .....	72
Impact of Street Design on Children’s Independent Mobility .....	82
Case Study of Nursing Homes in Japan: Planning Characteristics in Unit-type Nursing Homes.....	89
The Ethereal Hands of Support: Trends and Drivers of the Supporting Network in the Healthcare Facility System .....	97
The Community Environmental Design Research Exhibit with a Substantive Focus on Aging: Prototype, Trial Use, and Proof of Concept .....	103

## Refereed Full Papers (continued)

Influences of Retail Atmospheric and Architecture on Consumer's Vertical Circulation Behavior .....	108
Learning Within the Commons: An Exploratory Study of the Transactional Relationship Between Students and Their Learning Environment.....	116
The Rise and Fall: A Typology of Historical Downtown Parks.....	122
Greenway Design for Healthy Communities: Case Study of Knoxville .....	129
Retrofit Infiltration Systems Along Urban Streets—A Design-Based Methodology To Compare Aesthetic Values .....	134
Expressions of Re-Emergent Placemaking in the Aftermath of Disaster .....	144
Kansei and Consumers' Experience of Behavior Settings.....	151
Designing Healthy Urban Environments: Neighborhood Design and Health-Related Outcomes for Residents of Detroit .....	156
The Comparison of Cognitive Play Affordances Within Natural and Manufactured Preschool Settings .....	162

## Thematic Abstracts

Active Living By Design .....	171
Building Process Alliance .....	177
Children, Youth & Environment .....	178
Cities & Globalization .....	185
Communication.....	193
Cultural Aspects of Design .....	195
Cyberspace & Digital Environments .....	206
Environment-Gerontology .....	210
Health.....	213
Historic Preservation.....	219
Inquiry & Research .....	222
Interior Design .....	224
Movement in Designed Environments.....	233
Nature & Ecology .....	239
Participation .....	248
Placemaking.....	258
POE/Programming.....	259
Residential Environments .....	265
School & Educational Environments.....	271
Service to EDRA.....	273
Sustainable Planning, Behavior & Design.....	273
Work Environments .....	280

Posters .....	287
