

Prem K. Vuthandam
Interim CEO & Vice President - Business Management
PEMEX Deer Park

Prem is a seasoned leader with close to 30 years of global experience leading commercial, technical and P&L delivery in the Downstream Oil industry across the Americas, Asia-Pac and

Europe. He has extensive expertise in commercial oil trading and supply, business development and strategy, market analysis, production planning, economics, capital portfolio management and advanced process control & optimization.

Prem was recently appointed as Interim CEO of PEMEX Deer Park. He has been a member of the Executive Leadership team

at PEMEX Deer Park and has led the Business Management division that oversees the full spectrum of business activities of this complex oil refining company in the US Gulf Coast for the past 7 years. He is responsible for managing the short, medium, and long-term horizons of crude oil and products trading and supply, market analysis and forecasting, production optimization and scheduling, business development, and capital portfolio management.

In addition to his strong business and industry knowledge and abilities, Prem is a visionary leader who inspires and empowers his business and technical management teams and staff. He fosters a culture of inquiry, collaboration, and continuous learning, while aligning with the company's strategic goals and values. A transparent communicator, he establishes trust and rapport with internal and external stakeholders from different backgrounds and cultures to deliver win-win outcomes. Prem has a Ph.D. in Chemical Engineering from Texas A&M University and a B.Tech [Hons] from the Indian Institute of Technology, Kharagpur, India.
