

## **Rob Perrotta**

### **Shell Deer Park Chemicals**

Rob Perrotta is the Vice President for Shell Deer Park Chemicals. He started his career with Shell in Deer Park as a Chemical Engineer in 1990 and progressed to and through Production Unit Manager roles the next 20 years. Rob spent the next seven years at Norco as Technology Manager, and from there moved through a Deer Park Business Opportunity Manager role and Rapid Improvement Team Manager role for startup at Shell Polymers Monaca to his most recent role as Production Manager for three years prior to moving into the VP position. Rob is known for his commitment to safety, operational excellence and team development. He is married with two daughters who have graduated college; one working in Houston and the other in Austin.
