Alumni of the Month

Congratulations to Karishma Datye, MD & all EFF sponsored fellows & Alumni for completing presentations at the 76th Scientific Sessions for ADA

Congratulations to Stephania Sisley, MD on her published Article, "Hypothalamic Vitamin D

Presidents Letter

Each July brings dynamic excitement to our field of endocrinology. New careers are beginning as trainees leave their fellowships to start new jobs in academics and practice, and a whole new group of trainees are entering their fellowships, beginning what will be a long and fulfilling career path. This sense of renewal is essential for our field. With each passing year it appears that finally endocrinology, diabetes, and metabolism are being recognized as a very satisfying and intellectually challenging career path in internal medicine. The Endocrine Fellows Foundation lunges forward to help those just entering the sub-specialty advance your research, presentation skills, and help you acquire the knowledge to be successful future endocrinologists.

For those in the midst of full-time practice in academics or medical medicine, we look forward to assisting you with this transition and certainly for young investigators continuing to provide research grant funding in the field of diabetes and metabolism.

On behalf of the board of EFF we wish you a successful and satisfying year ahead.

Yours
Dr. Mark Stolar

2016 Preceptorial in Endocrine Aspects of Neoplasia, Metabolism and Diabetes Bethesda, MD

investigation and clinical endocrinology. Trainees have the opportunity to encounter patients with common and rare endocrine disorders in a dynamic research setting. This event will be held October 24 - November 4, 2016. EFF will cover travel, lodging, and meals.

Research Meeting Dallas, TX

EFF is accepting applications for the Third Annual Endocrine Fellows Foundation Research Meeting. Applicants will be selected based on demonstration of research interest or achievement in diabetes, obesity and metabolism and will be reviewed by EFF. If selected, attendance to the full meeting is required and all expenses are covered by EFF. **Applications must be received by August 21, 2016.**

Application Requirements:

1. Letter of Support from the program director/mentor
2. Personal letter of Interest from the Fellow being nominated
3. Abstract (Note: This is not for review. Fellows will be asked to give an oral presentation at the forum.)

2016 Bone Forum Atlanta, GA

Planning for the 2016 Forum on Metabolic Bone Diseases is underway. In total, 81 fellows were selected to attend the 10th Annual Forum in Atlanta, GA. This meeting will kick off on September 14, 2016 with an opening reception and will continue through September 15th at the Westin Peachtree Plaza. EFF is thankful to all of its sponsors for all of their support to ensure the meeting is once again a huge success.

Website

EFF officially launched its new website in June. This new website not only highlights a new overall look, but also will bring new features and functions to EFF's offerings to fellows and medical professionals across the country. As a part of this transition, EFF is now opening groups and forums for fellows whom attend EFF meetings to continue those vital conversations following a meeting.

We need your help! In order to create focused groups and communities we would like for all receiving this newsletter to update your information! To do so, follow the instructions below.
