16th International Conference on Energy Psychology

TALK IS NOT ENOUGH

Activating Broader and Deeper Levels of Healing

May 29-June 1, 2014 Phoenix, AZ

For forward-thinking organizations who promote integrative and complementary health methods, products and services.

The conference will be attended by 500-600 leaders in the field of energy psychology. Our practitioners and speakers are influential members of their communities, and each one influences hundreds of people every year.

Sponsorship is a great way to increase awareness of your special products and services among the thought leaders of this field. You can sponsor the members lunch, coffee breaks, tote bags and more. We've created opportunities to work with a variety of budgets. They're summarized below.
