IEP Resiliency Through Increased Visibility and Connections: Looking local + Building relationships

• What internationally focused businesses and organizations are in your local community?
• What local businesses have international staff?
• What local events have international reach?
• What departments on campus/local partners could you partner with to offer joint programming?
• What other organizations in your region could you partner with to address city/state government?
• What lessons can be learned from past times of hardship?
H.E.’s New Mandate for Student Success Creates A Vital Role for IEPs

“Academic failure is not a singular, one-time event; it’s the gradual erosion of confidence, motivation, and persistence over time, the inevitable outcome of an accumulated series of missed opportunities for intervention.”

Meeting Institutional and Corporate Priorities

• “Opening the world through education”
• Staying flexible also means difficult decisions
• Something for everyone from junior courses to university preparation and corporate language course; 100+ nationalities
• Brand promotion and recognition through EPI (English Proficiency Index), Cycling Team and being the official Olympic language provider.
