ESSKA President Roland Becker: It has been a busy summer for ESSKA, and more is to come! read more

From EKA - the Knee Section of ESSKA: Metaphyseal fixation in Revision TKA read more

In our Affiliated Societies Corner: An interview with ASTAS President Miroslav Milankov from Serbia read more

Publishing Open Access in JEO: Available Discounts for publishing fees. read more

ESSKA awards are given to scientists at our biennial Congress in order to recognise their high level of research. For the 2022 congress in Paris, the competition was tough since more than 1,200 abstracts were submitted. In order to give more publicity and draw more attention to the research and
work of the winners, each month we will include in the ESSKA Times a summary from the lead author, explaining the rationale and the usefulness of their study. The first in our Awards Corner, is:

**Elbow/Wrist Best Posters Award:** Could one simple question simplify elbow arthroplasty patient reported outcome measurement?

**Our newest Continuous Professional Education Partner:** Zimmer Biomet

ESSKA is committed to providing world-class education and training, and is thankful for industry support which allows for faster development and dissemination of content.

---

**KSSTA Editor-in-Chief Jón Karlsson**

**Editor’s Pick:**

- Arthritic knees with more than 10° valgus can have soft-tissue imbalance in flexion.
- Less religion and more science in the discussion of personalized alignment in total knee arthroplasty: we need to lead the transition process!

---

**JEO Editor-in-Chief Stefano Zaffagnini**

**Editor’s Pick:**

- The influence of gluteal muscle strength deficits on dynamic knee valgus: a scoping review
- Return to sports after ACL injury 5 years from now: 10 things we must do

---
